

Exit Counseling

The University provides a student Direct Loan borrower upon graduating, leaving school, or dropping below half-time enrollment status, a letter summarizing loans and Teach Grants utilized while attending Warner Pacific. The letter includes the website for the National Student Loan Data System (NSLDS) and Loan Servicer contact information. Directions to complete the Federal Department of Education Loan and Teach Grant Exit Counseling processes are included in the correspondence sent to each student. Information obtained during the Exit Counseling session is provided to Loan Servicers. Students authorize the University to release information to lenders in the loan promissory note signed during Entrance Counseling.
